The Scientific Meetings of

In co-operation with

HYPERTENSION 2008 SCIENTIFIC PROGRAM

Dear Friends, Dear Colleagues,

It is our great pleasure to extend to you our invitation to Hypertension 2008, the joint congress bringing together delegates for the 18th Scientific Meeting of the European Society of Hypertension and the 22nd Scientific Meeting of the International Society of Hypertension, to be held in Berlin, Germany, from June 14 to 19, 2008.

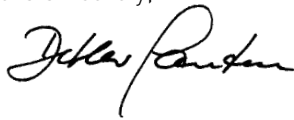

After the successful 2006 meetings of ESH in Milan and ISH in Fukuoka, we are convinced that the joint meeting of our societies also will offer you a great program with the latest results in the field of hypertension. We are expecting more than 7,000 participants at this meeting.

The regular scientific program will be accompanied by a variety of opportunities to share scientific knowledge and clinical experience through state-of-the-art lectures, breakfast topical workshops and satellite symposia. It is also planned to include educational programs for practising physicians and health care professionals.

Berlin, currently one of the most exciting cities in the world, provides the perfect background for Hypertension 2008. As the hometown of celebrated scientists like Robert Koch and Rudolf Virchow, Berlin has a long and outstanding history of medical discoveries. This history is continued by the Charité Universitätsmedizin Berlin and its research facilities at the present time.

Come and join us at Hypertension 2008. Don't miss the chance to meet and get in contact with health professionals from all over the world.

Yours sincerely,

Registration

Registration for Hypertension 2008 is available online at www.hypertension2008.com. Various options are available, such as lunch vouchers, social events, transport tickets or tours.

Reductions in price are available for members of ESH, ISH and DHL, as well as for students, nurses and young physicians. Accompanying persons and industry representatives qualify for special rates. Accredited journalists may attend the conference for free. Please see the registration section of the conference website as well as the General Terms & Conditions for details.

To benefit from lower rates, please make sure to register before the Standard Registration Fee Deadline on May 15, 2008!

Color Key

	OS	Oral Session
	BTW	Breakfast Topical Workshop
	PS	Poster Session
	OSS	Other Scientific Session
	PL	Plenary Lecture
	ET	Educational Track Session
	TS	Teaching Seminar
	WG	Working Group
	IS	(Investigator-Initiated) Symposium
	Sx	Industry Satellite Symposium
	SE	Society Event
	SF	Social Function
		Webcasted Sessions

Daily Breaks

Morning Coffee Break	10.15 - 10.30
Lunch Break	11.30 - 14.30
Afternoon Coffee Break	16.15 - 16.30

Registration Opening Hours

Saturday	June 14	08.00 - 17.00
Sunday	June 15	08.00 - 17.00
Monday	June 16	07.00 - 18.30
Tuesday	June 17	07.00 - 18.30
Wednesday	June 18	07.00 - 18.30
Thursday	June 19	07.00 - 18.30

Evening Social Events

Welcome Reception	June 15
Presidential Dinner	June 16
Concert Evening	June 17
Museums Evening	June 18

	Hall 1	Hall 3	Hall 15.2	Hall 7	Hall 4/5	Hall 6
07.30						
07.45						
08.00						
08.15						
08.30						IS5
08.45						Presidential Symposium
09.00						Renin-Angiotensin-Aldosterone System
09.15						Past, Present, Future
09.30	HealthCare Day	IS1		IS3		
09.45	Hypertension 2008 HealthCare Day	Hypertonie: Therapeutische Aspekte 2008 (German)		The Challenge of Hypertension in Africa		
10.00			IS2			
10.15			The Drug Development Continuum: Academia - Start-ups - Big Pharma			Session 1: History and Basics 09.00 - 10.30
10.30						Session 2: Renin Inhibition 11.00 - 12.20
10.45	The Hypertension 2008 HealthCare Day is an information event targeted at patients and people with an interest in hypertension. (German)					Session 3: Lunch & Panel Discussion 12.30 - 14.00
11.00			Please note: This session does not take place at the ICC. Admission is free of charge.			Session 4: New Players in the RAAS: Renin Receptor 14.00 - 16.00
11.15						Session 5: New Players in the RAAS: AT2-Receptor, ACE2, Angiotensin (1-7), Mas 16.30 - 18.00
11.30						
11.45						
12.00	Organized by the Urania Berlin e.V. in cooperation with Deutsche Hochdruckliga e.V. and the Berlin Medical Association. An initiative of Hypertension 2008.

19.15						
19.30						

SCIENTIFIC PROGRAM Tuesday June 17

	Hall 1	Hall 3	Hall 15.2	Hall 7	Hall 4/5	Hall 6
07.30				BTW4	BTW5	BTW6
07.45				Update on Mendelian and Polygenetic Forms of Hypertension	Update on Antiplatelet and Anticoagulation Therapy in Hypertensives	Update on Physical Principles in Arterial Structure and Function
08.00						
08.15						
08.30						
08.45		OS10	OS11	OS12	ET4	WG4
09.00		Hypertension in Developing Countries	Clinical Hypertension in Daily Practice	Genetics, Genomics	Hypertension in Children	ESC Working Group on Left Ventricular Hypertrophy and Function in Hypertension: What's New
09.15						
09.30						
09.45						
10.00						
10.15						
10.30	PL2					
10.45	① MicroRNAs and the tell-tale Heart					
11.00	② Clinical Trials: Interpretation					
11.15	③ CVD Continuum at 15 Years: Lessons Learned and Future Directions of Clinical Research					
11.30						
11.45						
12.00						
12.15	TS2	S4-1	S4-2			WG5
12.30	Secondary Hypertension	Recordati Combination Treatment in Hypertension	Servier The HYVET Study: A New Era in the Management of Very Elderly Hypertensive Patients			ESH Working Group on Hypertension and the Kidney
12.45						
13.00						
13.15						
13.30						
13.45	PS (Area I)			PS (Area II)		
14.00	• PS10 Hypertension, Atherosclerosis & Aneurysm I • PS16 Hypertension in Developing Countries • PS17 Hypertensive Heart Disease, Atrial Fibrillation & Heart Failure I • PS35 Blood Pressure Monitoring II • PS36 Renin-Angiotensin System I			• PS1 Cardiometabolics • PS6 Epidemiology of Hypertension & Metabolic Disease II • PS15 Hypertension in Pregnancy, Children & Adolescents • PS23 Metabolic Syndrome I • PS30 Target Organ Damage incl. Transplantation II		
14.15						
14.30						
14.45	SE1					
15.00	ESH Awards Ceremony & Presidential Lecture					
15.15						
15.30						
15.45						
16.00						
16.15						
16.30		OS13	OS14	OS15	ET5	
16.45		Metabolic Aspects	Global Trends in Prevalence and Treatment of Hypertension	Hypertension in Women	Stroke Prevention and Treatment	
17.00						
17.15						
17.30						
17.45						
18.00						
18.15	S4-5			SE2		
18.30	Boehringer-Ingelheim			ESH Annual General Meeting		
18.45	Bayer Schering					
19.00	Reducing CV risk: new insights from ONTARGET					
19.15						
19.30						
19.45						

	Hall 1	Hall 3	Hall 15.2	Hall 7	Hall 4/5	Hall 6
07.30	5K Fun Run			BTW7	BTW8	BTW9
07.45	Please note: This session does not take place at the ICC. An additional registration is required.			Update on the Brain as a Target of Hypertension	Update on the epidemiology of Cardiovascular Diseases	Update on Renal Aspects of Hypertension
08.00						
08.15						
08.30						
08.45		OS16	OS17	OS18	ET6	WG7
09.00		Metabolic Syndrome and Cardiovascular Disease	Drug Development and New Therapies in Cardiometabolic Diseases	Vascular Plasticity	Imaging and Diagnostic Procedures	ESH Working Group on Relevance of Cardiometabolic Risk in the Hypertensive Population
09.15						
09.30						
09.45						
10.00						
10.15						
10.30	PL3					
10.45	① Global burden of CVD: A Major Public Health Problem ② Nuclear receptors, inflammation and CVD ③ Stem cells in CVD and treatment					
11.00						
11.15						
11.30						
11.45						
12.00						
12.15	S5-1	S5-2				SE4
