

The Etiology of Genetic Hypertension and Metabolic Syndrome

Friday, June 20, 2008

Registration	8:00 - 18:00
Opening Ceremony	11:30 - 12:00
Luncheon Seminar (Pfizer)	12:00 - 13:20
<i>The title will be announced</i>	
Session I (State of Art + 4 communications)	13:30 - 15:00
<i>(Rat Physiological Genomics)</i>	
Coffee break	15:00 - 15:20
Key Note Lecture	15:20 - 16:00
Coffee break	16:00 - 16:20
Session II (State of Art + 4 communications)	16:20 - 17:50
<i>(Utility of Rodent Models for Human Genomic Determinants)</i>	

VIP Dinner (Villa Bertramka)	20:00 - 23:00

Saturday, June 21, 2008

Registration	8:00 - 18:00
Session III (State of Art + 4 communications)	8:30 - 10:00
<i>(Pathogenetic Mechanisms of Hypertension and Metabolic Syndrome)</i>	
Coffee break	10:00 - 10:20
Parallel Sessions 1-3 (6 communications each)	10:20 - 11:50

- *Control of Vascular Tone/Autonomic Nervous System*
- *Preclinical and Clinical Pharmacogenomics*
- *Gene Targeting in Hypertension and Metabolic Syndrome*

Luncheon Seminar (Novartis) 12:00 - 13:20

ARB in the Hypertension Therapeutics – Translational Research on ARB

Poster Discussion (guided tours) 13:30 - 15:30

Coffee break 15:30 - 15:50

Parallel Sessions 4-6 (6 communications each) 15:50 - 17:20

- *Recombinant Inbred Strains*
- *Future Developments of Preventive Medicine*
- *Transgenic Rats as Models for Abnormal Blood Pressure Homeostasis*

Coffee break 17:20 - 17:40

Panel *Towards More Integrative Biology* 17:40 - 18:25

Gala Evening (Brevnov Monastery) (Pfizer) 19:30 - 23:30
including Okamoto Award Lecture 20:00 - 21:00

Sunday, June 22, 2008

Session IV (State of Art + 4 communications) 8:30 - 10:00

(Gene-Environmental Interactions)

Coffee break 10:00 - 10:20

Session V (State of Art + 4 communications) 10:20 - 11:50

(Epigenetics and Fetal Programming)

Closing Ceremony 11:50 - 12:10

Lunch 12:20 - 13:20
